Section I, Part II:

Some visitors tell us that they are concerned about the cost of visiting. I’m going to ask you a few questions that might help us develop programs to help visitors with this issue. Remember you can skip any question that you don’t want to answer.

I6. On a typical visiting day, about how much do you spend? (This would include transportation, money for gas, bridge tolls, childcare, time you might be missing work, food for the visit etc.) [NOTE: if this is her first visit, ASK: “How much did you spend today?”]

Section J:

Now I’d like to ask you about your sexual relationships and sexual behavior. Some women have a lot of different sexual partners, some have only one or a few. There are no right or wrong answers, and you can skip any questions you don’t want to answer or feel uncomfortable about. Let me know if you have any questions as we go ahead. Some of these questions ask about your use of condoms. I’d like to clarify that when I say “male condom” I mean a condom that goes over a man’s penis. This is the kind of condom people may be more familiar with. When I say “female condom” I mean a condom that a woman inserts inside of her first and then a man guides his penis into it. Female condoms have a ring at each end and are larger and looser than male condoms.

[NOTE to Interviewer: if respondent replies NO to any male condom use (J1), SKIP all questions that relate to MALE CONDOMS. If respondent replies NO to any female condom use (J2), SKIP all questions that relate to FEMALE CONDOMS. If respondent replies NO to any use of MALE and FEMALE CONDOMS, SKIP ALL condom questions that appear on following pages.]

J1. Have you ever used a male condom with any sexual partner?
